

CHANGE IS GOOD!

Lady Antiquity is announcing new changes in the way we conduct our sales. These changes will create excitement and open up the world of technology. Although we love days from the past we must embrace the future and that means offering something for everyone. By popular demand here are our new changes.

Starting October 25th we are going to allow customers a one hour period the day before each sale to Buy it Now online at our website. The day before each sale we will open up Buy it Now from 8-9pm EST. We will feature our most popular items and you will have one hour to pre purchase as much as you like. Your purchase will be secured and processed by Squared the same as if you were in person. Once an item is purchased it will show SOLD and will be taken out of inventory. All buyers will have 3 days to then pick up their purchase.

In addition to being able to pre purchase items for a one hour period we will now feature a section at our sales for FREE items. We ask that you limit what you take to one item only.

Our traditional sale will continue to run 3 days usually Thursday-Saturday and we will still offer discounts on days two and three as well as our "Fill a bag" promo.
